

# No9 Remittance Envelope Layout Guide

Illustrations are at reduced sizes.

Size: 8.875 x 7.5

## CAUTION WITH REMIT ENVELOPES

Please be aware that specifications for remittance envelopes vary from manufacturer to manufacturer. Please request a sample of the envelope you will be using to make sure your layout is accurate.

## Mailing Address Panel

If you are using a USPS Business Reply, the panel will need to be secured from the Postal Service. You can supply that or we can create it for you.

## Partners Guides

Printing Partners has many guides for you to reference online.

Please visit our Knowledge Library on our website for more resources.
